Giving Hope & Saving Lives!

Guest Speaker - Christine Yeager

After an unplanned pregnancy, Christine Yeargin became passionate about the pro-life movement. Recognizing a need, she founded Be Their Village and works to connect women in unplanned pregnancies to resources in their area and uses the pro-life community she's built on social media to complete baby registries for women who reject abortion and choose life. She speaks at events, on college campuses and to pregnancy resource centers across the country. She is a public speaker, a homeschool mom, and produces content with Students for Life as the host of the podcast Speak Out with Christine Yeargin. Of every title she wears, her favorite is mom.

Chatting from the Heart

Psalms 34:8 says "Oh, taste and see that the Lord is good; blessed is the man who takes refuge in him!"

Refuge - a place or situation that provides shelter or protection from danger, trouble, or hardship. When reading this scripture it reminds me of where our true refuge lies, it is in Christ and Christ alone. I am so thankful we have Choices of the Heart in our community as it provides a place of refuge. When the unexpected and unplanned happens, when the life of a precious baby is at stake and a mother needs love, support and truth spoken. Seeking God's guidance through prayer in all the advocating we do with each client, it is absolutely amazing to watch Him work. We often chat about the lives we see changed, babies that have been born and truthfully they would not be here if it was not for the ministry of Choices of the Heart.

I have been in the position of Executive Director for 6 years now,
I am continually in awe
of everything I see happening in this place!
Thank you for supporting a ministry that is truly making a difference!
